

Digital Poster Listing

DIGITAL POSTER PRESENTER	PAPER ID	PAPER NAME	THEME
Abir Nagata	189	The influence of androgenetic alopecia on quality of life: a hospital-based cross-sectional study in Bangladesh	Male and Female Pattern Hair Loss
Aida Gadzhigoroeva	82	Tofacitinib efficacy in Alopecia Areata patients	Alopecia Areata
Aida Gadzhigoroeva	112	Physician Perceptions of Disease Burden and Unmet Medical Need in Moderate-to-Severe Alopecia Areata: Initial Insights from CERTADE (Central/Eastern EU, Russia, Turkey AA Experts) Delphi Panel	Alopecia Areata
Aida Gadzhigoroeva	172	Registry of Adult Alopecia Areata Patients in the Russian Federation	International Consensus and Global Registries
Alpana Mohta	29	Validating the 'Gabrin sign' for COVID-19 disease severity in patients with androgenic alopecia- an observational study	Male and Female Pattern Hair Loss
Aman Samrao	7	Evaluating the Association of Central Centrifugal Cicatricial Alopecia and Fibroproliferative Disorders	Cicatricial Alopecia
Andrew Awad	203	Treatment of Woolly Hair Syndrome with oral minoxidil	Emerging treatments for hair loss
Andy Goren	3	A Preliminary Observation: Male Pattern Hair Loss Among Hospitalized COVID-19 Patients in Spain, A potential Clue to the Role of Androgens in COVID-19 Disease Severity	Male and Female Pattern Hair Loss

Current as of 6 November 2022 and subject to change

Digital Poster Listing

Andy Goren	5	Androgenetic Alopecia Present in the Majority of Hospitalized COVID-19 Patients - the "Gabrin sign"	Male and Female Pattern Hair Loss
Ángela Hermosa-Gelbard	102	Clinical characterization and treatment response of folliculitis decalvans lichen planopilaris phenotypic spectrum: a unicenter series of 31 patients.	Cicatricial Alopecia
Aniseh Samadi	92	Efficacy of intramuscular injections of biotin and dexpanthenol in the treatment of diffuse hair loss: A randomized, double-blind controlled study comparing two brands	Trichoscopy
Anna Wilson	75	Erosive pustular dermatosis of the scalp and apremilast	Cicatricial Alopecia
Arash Babadjouni	121	Experience of COVID-19 Vaccination in Patients with Moderate to Severe Alopecia Areata	Alopecia Areata
Arash Babadjouni	197	What's Dilating? Eccrine Duct Dilatation in Cicatricial Alopecia	Cicatricial Alopecia
Arash Babadjouni	124	Picking a Side: A Closer Look at Laterality and Scalp Hair Growth	Hair structure, Function and Shine
Brett King	144	Integrated Safety Analysis of Baricitinib in Adults with Severe Alopecia Areata from Two Randomized Clinical Trials	Alopecia Areata
Brett King	181	Health-Related Quality of Life (hrqol) burden among adolescents and adults with alopecia areata (AA) in the United States (US).	Alopecia Areata
Brett King	182	The humanistic burden of alopecia areata (AA) among caregivers of adolescents with AA in the United States (US)	Alopecia Areata

Current as of 6 November 2022 and subject to change

Digital Poster Listing

Celine Phong	130	Psychiatric comorbidities of patients with alopecia areata in the United States	Alopecia Areata
Charlotte Krones	184	Vitamin C deficiency and hair loss: does it play a role? A review	Emerging treatments for hair loss
Chong Hyun Won	91	Novel therapeutic option using small interfering RNA for the Treatment of Androgenetic Alopecia	Emerging Therapies
Cristina Nguyen	99	Folliculitis Decalvans and Associated Inflammatory Comorbidities: A Retrospective Study	Cicatricial Alopecia
Curtis T Thompson	49	Trichoscopic, and Histopathological features in post-COVID-19 telogen effluvium	Trichoscopy
Deepti Shukla	195	Female Pattern Hair loss - Diffuse unpatterned presentation and trichoscopic evaluation	Male and Female Pattern Hair Loss
Devjani Shivali	224	Patterns of insurance coverage for wigs in patients with alopecia areata: A cross-sectional survey	Complex Clinical Cases
Devjani Shivali	225	The Boston GOAL: A new validated tool for measuring the severity and activity of lichen planopilaris and frontal fibrosing alopecia	Complex Clinical Cases
Ernest Law	81	Benefit-Risk Preferences for Alopecia Areata Treatments	Alopecia Areata
Ernest Law	177	Adolescents' Benefit-Risk Preferences for Alopecia Areata Treatments	Alopecia Areata
Fenglin Zhuo	158	Minoxidil-based therapic options for mild or moderate Female Pattern Hair Loss: A Prospective, Single-center, Parallel-group, Evaluator blinded, Randomized Trial	Male and Female Pattern Hair Loss

Current as of 6 November 2022 and subject to change

Digital Poster Listing

Fenglin Zhuo	159	The Dermatoscopic Characteristics of Female Pattern Hair Loss in Northern China	Male and Female Pattern Hair Loss
Heera Lee	50	Association between the first exposure to general anaesthesia and alopecia areata	Alopecia Areata
Helen Tran	174	Hair loss profiles and efficacy of ritlecitinib in patients with alopecia areata enrolled in the ALLEGRO phase 2b/3 study	Alopecia Areata
Huw Rees	205	Planting the seed: Development of a global registry for Alopecia Areata	International Consensus and Global Registries
Huw Rees	206	The presence and impact of symptoms among individuals with Alopecia Areata: Real world data from the Global Registry of Alopecia Areata Disease Severity and Treatment Safety	International Consensus and Global Registries
Hyung Seok Son	188	Differences in Clinical Characteristics between Adults and Adolescents in Androgenetic Alopecia	Male and Female Pattern Hair Loss
Iryna Popova	161	Morphological and immunohistochemical features of tissue homeostasis in patients with alopecia areata in the chronic stage associated with metabolic syndrome and non-burdened course of the disease	Alopecia Areata
Isobel Pye	202	A Systematic review of Tools for the Reliable Assessment of Scalp Hair Density and Greying	Male and Female Pattern Hair Loss
Jianglin Zhang	66	A Case Sharing on the Application of HBOT to the treatment of AGA.	Male and Female Pattern Hair Loss

Current as of 6 November 2022 and subject to change

Digital Poster Listing

Ji-Hoon Lim	74	A Clinical Investigation of Early-Onset Alopecia Areata in Children: onset earlier than 4 years of age might have a better prognosis	Alopecia Areata
Jing Jing	57	Jaki for alopecia areata: effective or ineffective?	Alopecia Areata
Jing Jing	56	Diagnosis, treatment and pathology of lymphocytic cicatricial alopecia	Cicatricial Alopecia
Jing Jing	55	Female pattern hair loss update : diagnosis and treatment	Male and Female Pattern Hair Loss
John Frewen	211	Results of an international expert opinion on diagnosis, severity assessment, and treatment of facial papules in frontal fibrosing alopecia.	Cicatricial Alopecia
Ju Hee Kim	96	Hair Follicle Growth Regulation Effect of Novel 11 β -HSD1 Inhibitor in UVB-induced Stress Environment	New pathways and targets for Drug development
Justyna Sicińska	215	Scalp pathology correlates with trichoscopic features of androgenetic alopecia	Male and Female Pattern Hair Loss
Kanchalit Thanomkitti	127	Efficacy and safety of topical 5% azelaic acid solution versus 2% minoxidil solution in the treatment of female pattern hair loss	Male and Female Pattern Hair Loss
Karolina Kerkemeyer	13	Topical tofacitinib for the treatment of alopecia areata affecting facial hair	Alopecia Areata
Karolina Kerkemeyer	14	Development and initial validation of a modified Sinclair scale for female pattern hair loss in men	Male and Female Pattern Hair Loss

Current as of 6 November 2022 and subject to change

Digital Poster Listing

Karolina Kerkemeyer	15	Female pattern hair loss in men: a distinct clinical variant of androgenetic alopecia	Male and Female Pattern Hair Loss
Katherine (Katie) Darch	115	Use of Humira (adalimumab) for the treatment of folliculitis decalvans	Cicatricial Alopecia
Leila Asfour	210	Androgenetic hair follicle miniaturization is associated with a proportionate reduction in both fibre diameter and linear hair growth rate	Trichoscopy
Lifeng Kang	12	3D heterotypic dermal papilla and keratinocyte spheroid models by sequential seeding in microstructured hydrogels for in vitro drug screening	Morphogenesis, Neogenesis and Tissue Engineering
Linlin Bao	17	Lncrna RP11-818024.3 promotes hair follicle recovery via FGF2-PI3K/Akt signal pathway.	Stem Cells and Stem Cell Niches
Lucas Fustinoni	162	Combination of phytotherapy and growth factors with results similar to hair transplantation	Male and Female Pattern Hair Loss
Maria Franchesca Quinio	155	Scarring alopecia in men: a retrospective chart review in a tertiary hospital in bangkok, thailand	Cicatricial Alopecia
Maria Hordinsky	176	Comprehensively assessing the psychosocial burden of adult Alopecia Areata patients: Construct validation of the Scale of Alopecia Areata Distress [SAAD] – a new Patient Reported Outcome Measure [PROM].	Alopecia Areata
Maria Hordinsky	166	Novel Scalp Cleansing Device Development: A Case Report of Hydradermabrasion Therapy for Frontal Fibrosing Alopecia	Emerging Therapies

Current as of 6 November 2022 and subject to change

Digital Poster Listing

Marta Bertolini	94	Marine and bovine-derived collagen peptides prolong anagen and exert diverse effects on stem cells and progeny in human scalp hair follicles ex vivo	Emerging treatments for hair loss
Marta Bertolini	145	Ashwagandha-derived exosome-like nanoparticles significantly promote human hair growth ex vivo	Emerging treatments for hair loss
Marta Bertolini	156	Cyclohexyl salicylate, an odorant activating olfactory receptor 2A4/7, prolongs anagen and stimulates stem cell progeny expansion	Male and Female Pattern Hair Loss
Md Rahimullah Miah	86	Increasing alopecia by abusing processed wireless sensor technology	Male and Female Pattern Hair Loss
Meriem Bejaoui	228	Squalene Derivatives Promote Dermal Papilla Cells Capacity in Inducing Hair Follicle Regeneration While Preventing Follicular Aging	The Dermal Papilla
Michela Starace	44	The variant forms of cicatricial alopecia	Cicatricial Alopecia
Michela Starace	23	The use of micropatting and iontophoresis technique in scalp diseases	Emerging treatments for hair loss
Min Kyu Kim	131	Gene expression profile comparison of an ultra-low attachment plate with a new cell culture plate prepared with the particle array film fabrication technology	The Dermal Papilla
Min Sung Kim	65	A Case of HIV False Positive Associated with Alopecia Areata	Alopecia Areata
Mohammad Jafferany	25	Association between alopecia areata and COVID-19: A Systematic Review	Alopecia Areata

Current as of 6 November 2022 and subject to change

Digital Poster Listing

Mohammad Jafferany	26	Psychological consequences of androgenetic alopecia: a systematic review	Male and Female Pattern Hair Loss
Monisha Madhumita	222	Charting the Unknown : Biophysical properties of the scalp in female pattern hair loss	Male and Female Pattern Hair Loss
Munire Tayier	105	Efficacy of Dupilumab in treatment of refractory alopecia areata with elevated serum ige	Alopecia Areata
Nanako Takaoka	72	Hair-follicle-associated pluripotent (HAP) stem cells can differentiate into mature cardiomyocytes.	Stem Cells and Stem Cell Niches
Natasha Atanaskova Mesinkovska	134	Inflammatory arthropathies in alopecia areata: a retrospective cohort study of a single academic center	Alopecia Areata
Natasha Atanaskova Mesinkovska	133	Psychiatric disorders in individuals with androgenic alopecia—a systematic review	Male and Female Pattern Hair Loss
Nicholas Sadgrove	169	'The Big 8 Strikes' that cause hair loss: A new conceptual framework for the pathogenesis and etiology of hair loss disorders	Male and Female Pattern Hair Loss
Noy Keller Rosenthal	142	A rare genetic syndrome associated with alopecia	Genodermatosis
Ora Raymond	170	Psychosocial impact of pediatric alopecia areata: a survey study	Alopecia Areata
Ora Raymond	214	Low-dose Oral Minoxidil Treatment Outcomes in Two Patients with Ophiasis Alopecia Areata	Alopecia Areata
Ora Raymond	46	Hydradermabrasion as a Treatment of Seborrheic Dermatitis and Scalp Psoriasis: 3 Case Reports	Emerging Therapies

Current as of 6 November 2022 and subject to change

Digital Poster Listing

Peter Feldman	218	SEX DIFFERENCES in HAIR REGENERATION Dynamics WITH ALRV5XR	Emerging treatments for hair loss
Peter Feldman	217	Regeneration of the Scalp Hair phenotype WITH Long-Term Administration of ALRV5XR: A case report	Male and Female Pattern Hair Loss
Peter Feldman	219	Treatment Efficacy and Resistance in Androgenetic Alopecia: a Bayesian Network Meta-Analysis	Male and Female Pattern Hair Loss
Qingmei Liu	22	Insights into male androgenetic alopecia using comparative transcriptome profiling: HIF-1 and Wnt/ β -catenin signaling pathways	Male and Female Pattern Hair Loss
Rodney Sinclair	157	Sustained hair regrowth with ritlecitinib to Week 48 in patients with alopecia areata: post hoc analysis of the ALLEGRO phase 2b/3 study	Alopecia Areata
Samantha Eisman	126	Scalp hair regrowth is associated with improvements in health-related quality of life (hrqol) and psychological symptoms in patients with severe alopecia areata (AA): results from two randomized controlled trials	Alopecia Areata
Sang Seok Kim	90	A retrospective study of hair loss patients after being infected with COVID-19 and the COVID-19 vaccination	Complex Clinical Cases
Sang-Hoon Lee	104	Increased Risk of Alopecia Areata in Patients with Autism Spectrum Disorders: A Korean Nationwide Population-based Study	Alopecia Areata
Sergio Vano-Galvan	108	Prevalence of metabolic syndrome and insulin resistance in patients with alopecia areata	Alopecia Areata

Current as of 6 November 2022 and subject to change

Digital Poster Listing

Shahnawaz Jadeja	209	Proteomic profiling of Human Anagen and Catagen hair follicles provides novel insights into molecular signalling involved in hair growth cycle regulation	Hair structure, Function and Shine
Shun Kimura	52	Combined use of vitamins and their derivatives promoted hair shaft elongation ex vivo via synergetic amelioration of global gene expression to activate hair follicle-related pathways represented by plgf/VEGFR-1 signaling	Male and Female Pattern Hair Loss
Sin Tong Cheang	110	Evaluation of the early efficacy and safety of JAK inhibitors in patients with refractory severe Alopecia Areata	Alopecia Areata
Sofia Papanikou	10	Epidemiological and clinical profile of 300 patients with frontal fibrosing alopecia. The experience from a single center in athens, greece.	Cicatricial Alopecia
Sofia Papanikou	9	The experience of trichoscopy in 300 patients with frontal fibrosing alopecia at a single center in athens.	Trichoscopy
Su Na Kim	118	The Hair Growth Effect of the Camellia Japonica Seed Extract by repressing senescence in dermal papilla cells and activating hair follicle stem cells.	Male and Female Pattern Hair Loss
Taheruzzaman Kazi	19	Dermal papilla cell derived exosome increase hair inductive gene expression in adipose stem cells via β -catenin activation	Stem Cells and Stem Cell Niches
Tatsuto Kageyama	51	Microenvironmental engineering of hair follicle germs for hair regenerative medicine	Morphogenesis, Neogenesis and Tissue Engineering

Current as of 6 November 2022 and subject to change

Digital Poster Listing

Vasiliki Chasapi	11	Emotional wellbeing and quality of life in 135 patients with extended alopecia areata. The experience from a single centre in greece.	Alopecia Areata
Vasiliki Chasapi	8	Trichoscopic findings in 35 men with frontal fibrosing alopecia. The experience from a single center in greece.	Trichoscopy
Vivien Lai	191	Sublingual tofacitinib for alopecia areata: a roll-over pilot clinical trial of efficacy and pharmacokinetics	Alopecia Areata
Vivien Lai	192	Steroid-sparing agents for alopecia areata: a retrospective study of continuation rates in 138 patients	Alopecia Areata
Wenyu Wu	37	Clinicopathological characteristics of fibrosing alopecia in a pattern distribution: a Single-Center Retrospective Cohort Study	Cicatricial Alopecia
Xiaoshuang Yang	106	Exploration of Hair Loss Caused by Early Topical Treatment of Androgenetic Alopecia with 5% Minoxidil	Male and Female Pattern Hair Loss
Xin Yan	103	Hair repigmentation and regrowth in a pediatric patient with alopecia areata and atopic dermatitis treated with dupilumab: A Case Report	Alopecia Areata
Yan Tang	53	Metabolomic Profiling identifies amino acid metabolic signatures in Androgenetic Alopecia	New pathways and targets for Drug development

Digital Poster Listing

Yong Hyun Jang	83	A validation study of an alopecia areata severity assessment tool reflecting overall disease activity, "Alopecia Areata Progression Index, AAPI"	Alopecia Areata
Zhenjie Li	111	Effect of Manbaishengfa formula on Th1/Th2/Th17/Treg balance in androgenic alopecia mice	Alopecia Areata
Zixun Zeng	47	Allergen Desensitization Reduces the Severity of Relapsed Alopecia Areata in Dust-mite Allergic Patients	Alopecia Areata
